## EXPERIENCE

---

### Goodera

Menlo Park, CA

*Business Analyst Intern*

*May 2022 - Aug 2023*

- Analyzed platform performance data across 100+ customer-facing events to evaluate engagement, identify experience gaps, and support improvements to the digital product experience.
- Delivered regular reporting on user engagement and experience quality, enabling product and operations teams to make data-informed decisions on feature enhancements.
- Collaborated with cross-functional teams including product, engineering, and operations to coordinate updates, document requirements, and support smooth execution of platform changes.
- Supported product improvement initiatives by synthesizing user feedback, identifying feature-level insights, and contributing to iterative enhancements of the digital experience.

## PROJECT EXPERIENCE

---

### Marriott Hotels & Resorts

Boston, MA

*Market Analyst Intern*

*Jan 2024 - Mar 2024*

- Analyzed digital engagement metrics across brand platforms to evaluate content performance and customer interaction trends, supporting recommendations to improve user experience.
- Conducted qualitative and quantitative research including customer interviews and competitive analysis to inform digital content strategy and improve relevance for target audiences.
- Partnered with product and marketing teams to improve campaign relevance, driving 20% higher engagement.

### Olive Oil Startup

Boston, MA

*Business Analyst Intern*

*Oct 2023 - Dec 2023*

- Led product-focused research initiatives by designing surveys to gather user preferences and usage insights, informing decisions around product features, pricing, and positioning.
- Designed and analyzed Qualtrics surveys reaching over 1,000 respondents, translating data insights into product development and pricing recommendations.
- Translated research findings into actionable recommendations, balancing customer value, feasibility, and business impact.
